

Rainham Marshes RSPB

16/10/2021 10:45 - 16:30

Complete list

Weather comments: Intense drizzle a.m. clearing to some sunshine by about 12.30.

Visit comments: Marylebone Birdwatching Society Local Outing with group of 26-30 people never all together. Some birds only seen by one or two people but most, including the Cattle Egret, seen by most people at some point during the day.

Species recorded (Birds): 51

Avocet (12)

Bearded Tit

Black-headed
Gull (2)

Canada
Goose

Carrion Crow

Cattle Egret (2) *2 Cattle Egrets had been reported at Rainham Marshes RSPB for some time. Most of our party saw them at various times exactly where we'd been advised they were to be found. Tweet from Rainham 2 days later: 5 adult cattle egret on the marshes here today, viewable from the riverwall.*
